A New Twist on Beauty: Redefining the Salon Experience at Salon Oz

Located at 363 Great Road in the heart of Bedford is a green and personalized twist on your traditional salon. Salon Oz is an eco-conscious Eufora concept salon that offers a variety of services that range from coloring and cuts to texturing, treatments and special occasion services. Owned and operated by Bedford native, Rachel Lehman, Salon Oz opened in the summer of 2010 to provide Bedford and other area residents with an alternative to the typical and sometimes frenetic salon experience. Lehman's vision was to abandon the production-line feel of a typical salon and create an environment that encouraged and supported stylists by allowing them to spend more time with their clientele while also providing clients with a more consistent, high quality service with access to products that respect the environment and your health.

"I've been a stylist for more than a decade and didn't like what I saw the salon experience turning into - it was getting

too impersonal. I wanted to create a space for beauty that focused on the individuality of each client, their health, and their overall well-being. You can't get this experience from a traditional salon because the business model is based strictly on volume," explains owner, Rachel Lehman.

Salon Oz focuses on providing its clientele with a spa-like experience and the dedicated attention of their stylist during the appointment. Guests can elect to stay connected with Salon Oz's free WiFi access or recharge and unwind with a cup of botanical tea and some aromatherapy during appointment.

Salon Oz is open Wednesday through Sunday and appointments can be made conveniently online at www.salon-oz.com or by phone at 781.275.7393. Evening appointments are available on Wednesday and Thursday to accommodate busy working professionals and parents.

Chamber Connections Television Show

Chamber Connections is a local television show on Bedford Community Access Television, BCAT. The format includes interviews and information about and for the Bedford Community and showcases services from local companies and non-profits. The Bedford Chamber of Commerce is basically "In Business for Business" however a strong component is the advancement of civic and cultural projects. With a commitment and a strong connection, host Maureen Sullivan, asks insightful and entertaining questions.
